About R.I

HISTORY

Our 1.2 million-member organization started with the vision of one man—Paul P. Harris. The Chicago attorney formed one of the world’s first service organizations, the Rotary Club of Chicago, on 23 February 1905 as a place where professionals with diverse backgrounds could exchange ideas and form meaningful, lifelong friendships. Rotary’s name came from the group’s early practice of rotating meetings among the offices of each member.

OUR ONGOING COMMITMENT

Rotarians have not only been present for major events in history—we’ve been a part of them. From the beginning, three key traits have remained strong throughout Rotary:

We’re truly international. Only 16 years after being founded, Rotary had clubs on six continents. Today we’re working together from around the globe both digitally and in-person to solve some of our world’s most challenging problems.

We persevere in tough times. During WWII, Rotary clubs in Germany, Austria, Italy, Spain, and Japan were forced to disband. Despite the risks, many continued to meet informally and following the war’s end, Rotary members joined together to rebuild their clubs and their countries. Our commitment to service is ongoing. We began our fight against polio in 1979 with a project to immunize 6 million children in the Philippines. By 2012, only three countries remain polio-endemic—down from 125 in 1988.

OUR STRUCTURE

Rotary is made up of three parts: at the heart of Rotary are our clubs, that are supported by Rotary International and The Rotary Foundation.

Rotary clubs bring together dedicated individuals to exchange ideas, build relationships, and take action.

Rotary International supports Rotary clubs worldwide by coordinating global programs, campaigns, and initiatives. The Rotary Foundation uses generous donations to fund projects by Rotarians and our partners in communities around the world. As a nonprofit, all of the Foundation's funding comes from voluntary contributions made by Rotarians and friends who share our vision of a better world.

Together, Rotary clubs, Rotary International, and The Rotary Foundation work to make lasting improvements in our communities and around the world.

***Rtn. Anupama Ramachandra
President***

Dear Friends and Members of E-Club of Bangalore
As we stand at the threshold of bidding adieu to 2023 and embracing the promise of 2024, I am honoured to reflect on the remarkable journey we've undertaken together as the Rotary E Club of Bangalore.

The past year has been nothing short of inspiring and impactful for our club. We've achieved numerous milestones, embodying Rotary's spirit of service above self. Among our proudest accomplishments, we celebrate the formation of not one, but two new Interact clubs and the establishment of a vibrant Rotaract Club at RV University. These endeavors have amplified our reach and enhanced our capacity to empower youth leaders within our community.

Furthermore, our commitment to educational enrichment materialized in the donation of computers to a school in Mandya District and a printer to a school in Bangalore. We recognize the pivotal role of education in shaping futures, and these contributions aim to facilitate a more conducive learning environment for students in need.

Rotary
E-Club of Bangalore

Our dedication to holistic health and awareness was evident through our successful programs focusing on menopause. By shedding light on this crucial phase of life, we've contributed to fostering understanding and support for women's health.

In our pursuit of global impact, we extended a helping hand by contributing \$1000 to support the construction of vital sanitation facilities in Ghana. Moreover, our enriching cultural exchange with the Rotary Club of Accra Industrial in Ghana stands as a testament to our commitment to fostering international understanding and collaboration.

Looking forward, we set our sights on ambitious yet achievable projects. We aim to champion initiatives that focus on preventing avoidable deafness through early screening, empowering schools with essential resources to educate an increasing number of students, fostering health awareness, promoting digital education, and supporting Rotary Youth Leadership Awards (RYLAAs). These projects align with our vision to serve humanity and create sustainable change.

As we embark on the New Year, I urge each member to contribute their passion, expertise, and resources toward strengthening our club's activities. Together, let us continue to embody Rotary's guiding principles and make a tangible difference in the lives of those we serve.

May the coming year 2024 be filled with unwavering dedication, fruitful collaborations, and boundless opportunities to make a positive impact.

Yours in Rotary Service

Rtn. Anupama Ramachandra

President, Rotary E Club of Bangalore

Special session on corporates and AB , role of fund raising was discussed at length.

Orientation Program of new Rotaract Club today at the RV University

Date: 15th September 2023

Rotaract, a vibrant global movement, recently saw an illuminating orientation session led by the dynamic Rtr Girish. This event was graced by the inspiring opening remarks of Rotary E Club President Rtn Anupama Ramachandra and RVU Vice Chancellor Rtn YSR Murthy. Rtn Anupama Ramachandra, in her empowering address, highlighted the essence of Rotaract—a platform for youth to cultivate leadership, foster friendships, and channel their energies towards impactful service. Emphasizing the power of collaboration, she encouraged the new initiates to embrace the spirit of Rotary's motto, "Service Above Self."

Rotary
E-Club of Bangalore

Rtn YSR Murthy, the esteemed Vice Chancellor of RVU, echoed the sentiment of service and underlined the crucial role of education in shaping conscientious leaders. His words resonated with the essence of Rotaract's commitment to both personal growth and community welfare.

Rtr Girish, with unwavering enthusiasm, navigated the audience through the foundational pillars of Rotaract. Covering its history, ethos, and the manifold avenues it provides for personal and professional development, he illuminated the path for incoming members to contribute meaningfully to society.

The orientation session painted a vivid picture of the opportunities that Rotaract offers—inspiring a new wave of passionate individuals ready to make a difference in the world.

OCTOBER BYTES

Musings

Being women somethings are so stereotypical, Often I interact with people of various age groups..from 5 year olds to 60+... And I find it amusing how we women are hard on each other....Young girls attempt to write and re write again and yet again... sometimes they are in a league which is super overwhelming and nothing less than WOW is agreeable to these you minds.A casual middle aged woman when she compliments another for her looks, dressing, appearance, some special skills...more oft'n she is passed off with an unconventional and reluctant nod-- however even a stranger if passes a lay comment about inappropriate dress, style ,walk etc she gets alert and expresses hurt, pain.

She is so vulnerable and easily gives in to any unwelcoming comments.

When I recollect any conversation between two teenage boys ,middle aged men, mostly they keep the conversation light and anything which any man feels is very personal, he simply brushes it aside.Be it a compliment or critical evaluation, furthermore men are forgiving and move on without much grudges.But sadly women carry the misrepresentations, grudge for years together.Is it the society, immediate family, schooling or peers -- or combination of these--- that women seek validation for something as trivial as the khoel eyes or choice of dress.I have heard women passing painful and personal remarks like oh that Ms A she is an irresponsible mother she doesn't even cook for her child ., Ms B ,oh she is a lazy home maker , doesn't even pack her kid's bags, oh Ms C she is over protective mom and has issue with everyone so on and so forth.Each women is trying each day to be better version of themself- by multi tasking, by upskilling, by expertise with knowledge acquisition ---- how can one being a woman lash out on other ?

But the need of the hour is;The unrealistic race which she sets for herself -- she just needs to know ,each day - She is Enough ,she is just enough.Let us raise daughters who believe in her dreams, who tries with full conviction, confidence.Let her fumble,fall and get back twice stronger but not give in to mad race of being at the top form everywhere.

Let us raise powerful women who fixes each other's crowns.

--Jayasree Krishnan

Pique Your Interest !!

#RotaryFacts

Rotary

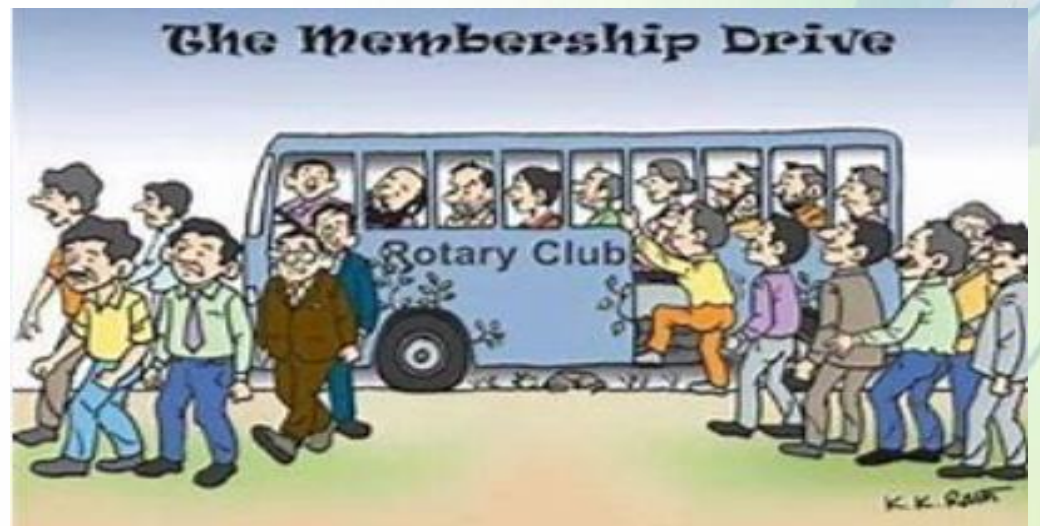

DID YOU KNOW?

There is a Rotary meeting being held someplace in the world every hour of every day. If you attended one meeting per day, it would take nearly 80 years to visit all of the more than 46,000 Rotary clubs in the world, and by that time, no doubt, there would be thousands more new clubs to attend

The first Rotary service project was the installation of public toilets in the city of Chicago.

Just For Laughs !!

Put Your Thinking Cap On !
